

ABOUT

The customers who choose their kayak from the Lifestyle series will be the most pleasantly surprised. With the oversized cockpits and increased stability, some may think these are just meant for beginners, but our design team has far exceeded expectations. Though these kayaks are extremely stable, they have exceptional handling and a surprising amount of speed. Lifestyle 500 PE was the second PE kayak in the Tahe Marine range for the 2010 season. It is the biggest volume PE kayak in the series. The deck is equipped with 3 hatches – one oval, one round and one day-hatch in order to easily pack Your gear for a weekend trip. The hull is designed keeping in mind great initial stability in order for it to be a great family kayak for paddlers with different skills. The hard chine and the long waterline on this kayak hull design gives a good change to increase and maintain speed quite easily. Lifestyle 500 PE is also designed for easy entry, due to the biggest cockpit size in the Tahe Marine portfolio. This kayak comes in standard equipped with rudder.

SPECIFICATIONS

LENGTH

500 cm (16'4")

WIDTH

59 cm (23¼")

CAPACITY

Approx. 135 kg (298 lbs)
